Group Viewing License Agreement

Thank you for purchasing Seeds video resources! This is an agreement between Seeds Kids Worship and your church, school, camp, or ministry. By purchasing this resource with the group viewing license, your church, school, camp or ministry now has the right to show the videos from this collection in a group setting for worship & educational purposes.

We encourage you to spread the word about Seeds word-for-word scripture resources; however, this license is for group viewing purposes only. Please do not duplicate, copy or transfer these videos to any other party.

We want to help you with your online services. Here are the guidelines:

- We have over 300 videos to word-for word-scripture that you can purchase from us (seedskidsworship.com/product-category/hand-motions/) or partner site and you are welcome to integrate them into your online service.
- You are welcome to share Seeds videos as part of your kids or church services on your Facebook page, YouTube page or streaming service page.
- You are welcome to show Seeds videos from your church's app or website.
- We have over 200 scripture songs on Spotify, Apple Music, and other streaming platforms that you are free to use and create playlists as you see fit. We encourage all families to be streaming the Word of God in church, at home, and in the car.

In short, you are welcome to use Seeds Music and Videos you have purchased for any online services. We just ask that you don't post the videos as stand alone videos on YouTube, but they are fine as part of a kids service or church service.

We are open to your ideas and requests, so please contact us with all other licensing scenarios that are not outlined in this agreement. We can be reached at seeds@seedskidsworship.com or 208-358-0991. Thank you again for joining Seeds mission to plant God's Word into the hearts of kids and families. May the Lord bless you and your service to the Kingdom.
